

SEVA CHARITIES

Seva Fall 2023 Recap!

Good morning members, alumni, and friends of Seva!
Thank you for the continuous support from each of you! Seva wouldn't be the same without the contributions made by y'all! As 2023 comes to a close and we begin our journey into 2024, we would like to share some highlights of the amazing things we did this semester!

Here at Seva our mission is to donate to Akshaya Patra (AP) and feed as many food-insecure kids as possible, and this semester we didn't just meet our goal, we surpassed it!

Night in Monaco

One of our first events this semester was Night in Monaco. Seva members were invited to a night of games, mocktails, and pizza! All the games were casino themed and everyone had an amazing time!

BeReal x Seva

Earlier this semester Seva decided to partner with BeReal to raise money for AP. Members had to download BeReal and post one of their BeReals to their Instagram story to participate. Needless to say they did not disappoint as we raised almost \$500 from this partnership alone.

Project Linus and Project Yellow

Seva didn't just raise money for AP this semester, we also actively played a role in shaping our Austin community through our partnerships with Project Linus and Project Yellow. Our work with Project Linus involved making blankets for victims of abuse in our Austin community. And with Project Yellow, we made colorful totebags for those suffering with mental health.

Rugged Maniac

Seva got down and dirty with our volunteering at Rugged Maniac. Rugged Maniac is an amateur 5K obstacle course that features a variety of challenges to cross in order to cross the finish line. We are proud to report that earned \$1200 dollars by volunteering with our members!

Come visit Seva for....

Lassi and Biscoff on Speedway!

November 14th & 15th
From: 10AM-4PM

Lassi and Biscoff

For the first time in Seva history we sold fresh mango lassi and biscoff on speedway, and fundraised almost \$600! We are so grateful to our members for coming out and supporting us through their dedication to tabling and selling to customers. This was a truly collaborative effort by all of us.

Saanj!

Saanj was amazing this semester! Special shout-out to all the teams and performances! Our emcees for the evening did not disappoint as well. The food was delish, the mood was fantastic, and we wished this night would never end!

Boat Formal!

We had an amazing time at our annual boat formal! The top point scorers in Seva were invited to attend to celebrate their hard work and dedication to our organization and cause. It was an unforgettable night!

Seva Circles!

This semester's circles are new and improved! The theme for our circles was the Cars movie and we had 4 different circles: Sally, Doc Hudson, Mater, and Lightning McQueen respectively. A few socials we threw this semester were: a Disney Movie night, Sundae and Game night, Bowling at the Union, and Study socials at the PCL.

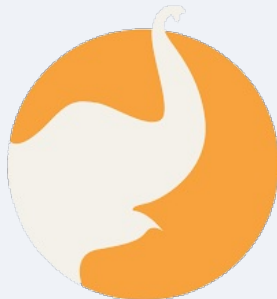

Fun Facts

McDonald's once made bubblegum-flavored broccoli

Peanuts aren't nuts

No number before a 1000 contains the letter A
